Education

Northeastern University, Boston, MA   August 2013 – December 2017
College of Computer and Information Science (CCIS)   Cumulative GPA: 3.6/4.0
Bachelor of Science in Computer Science
Recent Courses:
> Intro to Data Science, Algorithms and Data, Networks and Distributed Systems, Object-Oriented Design

....

Computer Knowledge

Primary: Python, Java, Objective-C, R, HTML, CSS, Shell Scripting
Some Exposure: Bootstrap, C, JavaScript, jQuery
Tools/Databases: Git, Xcode, PyCharm, IntelliJ, RStudio, Sublime Text 2, JIRA, Jenkins, MongoDB
Operating Systems: Linux, MacOS, Windows, iOS, Android

....

Experience

Square, Software Engineering Intern (iOS), San Francisco, CA   January – April 2016
- Developed release-critical features for the Alpha launch of an upcoming product using Objective-C and C
- Implemented major changes to Square Register's state machines to meet new EMV transaction requirements
- Enhanced event logging for Contactless & Chip Reader to help diagnose Bluetooth connectivity issues
- Designed and developed fallback to EMV chip feature for incomplete contactless transactions

Galatea Associates, Software Development Co-op, Somerville, MA   January – June 2015
- Developed and designed a data reporting web service using Node.js and MongoDB
- Designed and implemented a database request fetcher for a calculator service using C#
- Managed packages, builds, and deployment using shell scripts, Jenkins, Maven, and Nuget
- Trained two team members joining the data reporter and calculator development teams

....

Campus Leadership

Computer Science Fellow, Northeastern University, Boston, MA   September 2015 – Present
- Serve as teaching assistant for CCIS co-op/internship preparation course
- Conduct mock technical interview, behavioral interview, and resume review sessions for students
- Supervise and lead off-campus office visits to potential employers

Officer, Northeastern University Women in Tech, Boston, MA   April 2015 – September 2016
- Planned events such as a Personal Website Hack Day, Q&A panels, and weekly meetings
